Description of Proposed Option Coursework

I will participate in 2 Day Venture (2DV), hosted by the Burgess Institute for Entrepreneurship & Innovation. 2DV is designed to give me an entrepreneurial experience that cannot be learned in the classroom. At the event, ideas will be pitched, and teams formed around the ideas. The experience will include business model creation, coding, market validation and more. It will conclude with presentations in front of judges for critical feedback.

Rationale

During 2DV I will be joining a team of other students and taking an idea from ideation to pitch. I will be practicing skills of the Entrepreneurial Mindset such as creative confidence, openness, opportunity recognition, optimism, proactiveness, risk and solution seeking.

Work to be Completed

At the conclusion of 2DV, I will deliver to my professor a paper, no less than 500 words, reflecting on the experience. This will include:

- A summary of the project I worked on
- My contributions to the team
- What I learned
- How I can apply this learning to my career/life/major
- Feedback received from mentors, staff and judges
- Photos of my participation

Evaluation Criteria

My professor will be able to successfully sign off when I can showcase my engagement, learning and effort through a comprehensive reflection paper.

Date of Project Completion

To be determined by Faculty. No later than the last week of classes.
